SENATE BILL

No. 926

Introduced by Senators Knight and Ashburn

(Principal coauthor: Assembly Member Parra)

(Coauthors: Senators Aanestad, Alpert, and Morrow)

*(Coauthors: Assembly Members Maze, McCarthy, Nakano, and
Runner)*

February 21, 2003

An act to amend Sections 63010, 65053.5, 65053.6, 65302, and 65560 of, and to add and repeal Chapter 4 (commencing with Section 13998) of Part 4.7 of Division 3 of Title 2 of, the Government Code, and to repeal Part 14 (commencing with Section 37980) of Division 24 of the Health and Safety Code, and to amend Section 8 of Chapter 971 of the Statutes of 2002, relating to economic development, ~~making an appropriation therefor~~, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 926, as amended, Knight. Economic development.

(1) Existing law establishes the California Defense Retention and Conversion Council in the Department of Housing and Community

Development in the Business, Transportation and Housing Agency with specified members and duties related to defense retention and conversion and military base reuse activities in the state.

Existing law also requires the Office of Military Base Retention and Reuse, in the Technology, Trade, and Commerce Agency, to provide staff support to the council. The Technology, Trade, and Commerce Agency was abolished as of January 1, 2004.

This bill would repeal the provisions establishing and governing the California Defense Retention and Conversion Council. It would, until January 1, 2007, establish the Office of Military and Aerospace Support in the Business, Transportation and Housing Agency, and set forth its duties and authority with respect to state and local defense retention and conversion. It would provide that the Office of Military and Aerospace Support would be in the charge of a director who would be appointed by the Governor. *The bill would authorize the office to establish a Military Advisory Committee with a specified membership.*

This bill also would authorize the office to seek private funds for the operations of the office. The bill would establish the Military and Aerospace Support Account in the Special Deposit Fund in the State Treasury and require that any private funds the office accepts be deposited in that account. The bill would authorize, upon the approval of the Secretary of Business, Transportation and Housing, the office to expend moneys in the account, ~~which would be continuously appropriated to the office, without regard to fiscal years, upon appropriation by the Legislature, for specified purposes of the office, thereby making an appropriation.~~

(2) Existing law requires the state to recognize a single local base retention entity for each active military base in the state if resolutions acknowledging the entity as the single local base retention entity are adopted by the affected local agencies and forwarded to the California Defense Retention and Conversion Council by July 1, 2002. A local entity awarded specified grant moneys prior to January 1, 2002, for a specified military installation, is recognized as the single local base retention entity. Local agencies are authorized to establish a joint powers authority for these purposes if a single local base retention entity cannot otherwise be identified or established. If the required resolutions are not adopted by January 1, 2002, and no local base retention entity has otherwise been recognized, the council is required to hold public hearings and recognize a single local base retention entity for each

military base or recommend legislation or action by the local agency formation commission if necessary.

This bill would include United States Department of Defense installations within these provisions. It would delete references to the council and instead refer to the Office of Military and Aerospace Support. The bill would require the office to recognize a local retention authority for each active military installation, as defined, in the state, if a resolution has been adopted by entities within an identified affected local government, as defined, and forwarded to the office by October 1, 2004, and provide for recognition of an affected local government that has been awarded grant moneys prior to January 1, 2004. It would authorize the designation or establishment of a joint powers authority by multiple affected local governments under these provisions without requiring that a retention authority cannot be otherwise identified or established. It would also require the office to recognize a local retention authority for each military installation if no resolutions are adopted by October 1, 2004, and would delete the requirement for the office to hold public hearings in this regard, and to recommend legislation or action by a local agency formation commission.

~~The Budget Act of 2003 appropriates \$180,000 to the Department of Housing and Community Development for military base reuse and retention.~~

~~This bill would provide instead that this sum be appropriated to the Business, Transportation and Housing Agency for the implementation of the Office of Military and Aerospace Support operations.~~

(3) The Bergeson-Peace Infrastructure and Economic Development Bank Act authorizes the California Infrastructure and Economic Development Bank to make loans and provide other assistance to public and private entities for various types of projects with respect to public development facilities, as defined, among other things. The activities of the bank under these provisions are funded from the California Infrastructure and Economic Development Bank Fund, which is continuously appropriated for these purposes.

This bill would include within the definition of “public development facilities” for these purposes, military infrastructure, including specified components, and subject to specified conditions. By providing for a new use of continuously appropriated funds, this bill would make an appropriation.

(4) The Planning and Zoning Law requires that a city or county general plan consist of various elements, including, among other things,

a land use element that considers, among other things, the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land or other territory adjacent to those military facilities or underlying designated military aviation routes and airspace. Existing law requires that cities and counties address military impacts based on information that the military provides.

This bill would in addition require cities and counties to address military impacts based on information from other sources.

(5) The Planning and Zoning Law with respect to the open-space element, defines open-space land to include areas adjacent to military installations, military training routes, and restricted airspace that can provide buffer zones to military activities and complement the resource value of the military lands.

This bill would revise the definition of open-space land to instead include open space in support of the mission of military installations that comprises areas that are adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands.

(6) The Planning and Zoning Law provides that a city or county is not required to comply with the provisions of paragraphs (4) and (5) above until (a) a specified agreement is entered into between the federal government and the state to fully reimburse all claims approved by the Commission on State Mandates and paid by the Controller, and (b) until the city's or county's next general plan revision. These provisions become inoperative on the January 1 following the date that the agreement is deemed to be terminated, as specified.

This bill would instead provide that a city or county is not required to comply with these provisions until the city or county undertakes its next general plan revision.

(7) This bill would make the operation of its provisions contingent upon the prior enactment of AB 2565 of the 2003–04 Regular Session.

(8) This bill would incorporate additional changes in Sections 65302 and 65560 of the Government Code proposed by AB 2055, AB 3065, and SB 18, to be operative if this bill and one or more of the other bills are enacted and become effective on or before January 1, 2005, and this bill is enacted last.

(9) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: ~~yes~~ no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 13998) is added to Part 4.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 4. MILITARY AND AEROSPACE SUPPORT

13998. This chapter shall be known and may be cited as the Military and Aerospace Support Act.

13998.1. The Legislature finds and declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) Defense spending in California peaked at sixty billion dollars (\$60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projected a further 22-percent reduction to thirty-seven billion dollars (\$37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(c) California has experienced four rounds of base closures resulting in the closure or realignment of 29 bases since 1988. Additional bases may be considered for closure in future closure rounds.

(d) California lost more federal payroll jobs from its 29 military base closures under rounds one to four, inclusive, than all of the rest of the states put together. The reduced military payroll, including military and civilian employees, in California is approximately 101,000 jobs. About 300,000 private sector defense industry jobs in California have been lost.

(e) California needs a focused, coordinated defense retention and conversion program within the state in order to protect the

1 existing defense installations and facilities within the state and to
2 assist those communities that have experienced an installation's
3 closing.

4 (f) Currently, there are over 300,000 active duty and civilian
5 defense personnel in California.

6 (g) The direct Department of Defense expenditures in
7 California are over thirty-six billion dollars (\$36,000,000,000) for
8 employees, contracts, and capital investment.

9 (h) California has over 36 major and 25 minor active military
10 installations.

11 (i) The Department of Defense pays ten million dollars
12 (\$10,000,000) annually in fees, permits, and licenses within the
13 state.

14 (j) Having been the leader in the nation's defense effort, the
15 state must now also assume the role as leader in defending existing
16 military installations within its borders. That role will require a
17 coordinated effort to ensure that California promotes the necessity
18 of existing defense facilities, assist local governments and
19 organizations in planning retention efforts, and design and
20 implement a single unified plan for active defense retention efforts
21 on the federal level.

22 (k) It is the intent of the Legislature that the state's role in
23 defense retention, conversion, and military support be
24 consolidated in the Business, Transportation and Housing Agency.

25 13998.2. (a) The Legislature recognizes the potential for
26 federal legislation to close additional military installations
27 nationwide. In an effort to be proactive in retaining these facilities
28 within California that are necessary for the defense of the nation
29 and to provide for a single, focused defense of these installations,
30 the Office of Military and Aerospace Support is hereby created in
31 the Business, Transportation and Housing Agency.

32 (b) The Office of Military and Aerospace Support shall be in
33 the charge of a director who is under the direction of the Secretary
34 of Business, Transportation and Housing. The director shall be
35 appointed, upon recommendation by the secretary, by the
36 Governor. The director shall hold office at the pleasure of the
37 secretary, and shall receive a salary fixed by the secretary with the
38 approval of the Department of Personnel Administration.

39 (c) It shall be the purpose of the office to provide a central
40 clearinghouse for all defense retention, conversion, and base reuse

activities in the state and to interact and communicate with military installations in the state.

13998.3. (a) *The office may establish a Military Advisory Committee to provide input, information, technical advice or other comments to the office on military related matters, including, but not limited to, active Department of Defense installations in California and defense conversion issues. The office may call meetings of the committee at times and locations when necessary. Participation by committee members is voluntary and there is no reimbursement for per diem or expenses.*

(b) *The committee membership may include, but is not limited to, representatives from the following:*

- (1) *The Secretary of Business, Transportation and Housing.*
- (2) *The Secretary for Environmental Protection.*
- (3) *The Director of Employment Development.*
- (4) *The Director of Planning and Research.*
- (5) *The Chairperson of the State Energy Resources, Conservation and Development Commission.*
- (6) *The Director of Transportation.*
- (7) *The Executive Director of the Employment Training Panel.*
- (8) *The Secretary of the Resources Agency.*
- (9) *The President of the University of California.*
- (10) *The Chancellor of the California State University.*
- (11) *The Chancellor of the California Community Colleges.*
- (12) *The President pro Tempore of the Senate.*
- (13) *The Speaker of the Assembly.*
- (14) *Any other legislative offices, state agencies, local governments, industry, civic, and research organizations that may have an interest in defense related activities.*

13998.5. The Office of Military and Aerospace Support shall do all of the following:

(a) Develop and recommend to the Governor and the Legislature a strategic plan for state and local defense retention and conversion efforts. The plan shall address the state's role in assisting communities with potential base closures and those impacted by previous closures. The office may coordinate with other state agencies, local groups, and interested organizations on this strategic plan to retain current Department of Defense installations, facilities, bases, and related civilian activities.

1 (b) Conduct outreach to entities and parties involved in defense
2 retention and conversion across the state and provide a network to
3 facilitate assistance and coordination for all defense retention and
4 conversion activities within the state.

5 (c) Help develop and coordinate state retention advocacy
6 efforts on the federal level.

7 (d) (1) Conduct an evaluation of existing state retention and
8 conversion programs and provide the Legislature
9 recommendations on the continuation of existing programs,
10 including, but not limited to, the possible elimination or alteration
11 of those programs. This evaluation shall be transmitted to the
12 Legislature.

13 (2) The office may provide recommendations to the
14 Legislature on the necessity of new programs for defense retention
15 and adequate funding levels.

16 (e) Utilize and update the plan prepared by the Defense
17 Conversion Council as it existed on December 31, 1998, to
18 minimize California's loss of bases and jobs in future rounds of
19 base closures. This plan shall include, but not be limited to, all of
20 the following:

21 (1) Identification of major installations in California.

22 (2) Determination of how best to defend existing bases and
23 base employment in this state.

24 (3) Coordination of retention activities with communities that
25 may face base closures.

26 (4) Development of data and analyses on bases in this state.

27 (5) Coordination with the congressional delegation, the
28 Legislature, and the Governor. With the consent of the appropriate
29 authority, the office may temporarily borrow technical, policy, and
30 administrative staff from other state agencies, including the
31 Legislature.

32 (f) Serve as the primary state liaison with the Department of
33 Defense and its installations in this state. In order to maximize the
34 mission use of the installations, the Office of Military and
35 Aerospace Support shall assist in resolving any disputes or issues
36 between the Department of Defense and state entities.

37 (g) Review actions or programs by state agencies that may
38 affect or impact Department of Defense installations or the state's
39 military base retention and reuse activities and recommend to the

Governor and the Legislature actions that may be taken to resolve or prevent similar problems in the future.

(h) Where funds and resources are available, the office may undertake all of the following activities:

(1) Provide a central clearinghouse for all base retention or conversion assistance activities, including, but not limited to, employee training programs and regulation review and permit streamlining.

(2) Provide technical assistance to communities with potential or existing base closure activities.

(3) Provide a central clearinghouse for all defense retention and conversion funding, regulations, and application procedures for federal or state grants.

(4) Serve as a central clearinghouse for input and information, including needs, issues, and recommendations from businesses, industry representatives, labor, local government, and communities relative to retention and conversion efforts.

(5) Identify available state and federal resources to assist businesses, workers, communities, and educational institutions that may have a stake in retention and conversion activities.

(6) Provide one-stop coordination, maintain and disseminate information, standardize state endorsement procedures, and develop fast-track review procedures for proposals seeking state funds to match federal defense conversion funding programs.

(7) Maintain and establish databases in such fields as defense-related companies, industry organization proposals for the state and federal defense industry, community assistance, training, and base retention, and provide electronic access to the databases.

13998.6. (a) The Office of Military and Aerospace Support shall apply for grants and may seek contributions from private industry to fund its operations.

(b) The office shall actively solicit and accept funds from industry, foundations, or other sources to support its operations and responsibilities under this chapter.

(c) Any private funds the office accepts shall be deposited into the Military and Aerospace Support Account, which is hereby established in the Special Deposit Fund in the State Treasury and, notwithstanding Section 13340, is continuously appropriated to the office. The office may, upon the approval of the Secretary of

1 ~~Business, Transportation and Housing, expend moneys in the~~
2 ~~account, without regard to fiscal years, for the purposes~~ *Treasury.*
3 *The office may, upon the approval of the Secretary of Business,*
4 *Transportation and Housing, expend moneys in the account, upon*
5 *appropriation by the Legislature in the annual Budget Act, for the*
6 *purposes of this chapter and for no other purpose. Records of funds*
7 *received and expenditures made pursuant to this section shall be*
8 *subject to public disclosure. A report describing the receipt and*
9 *expenditure of these funds shall be submitted to the Department of*
10 *Finance and, the Assembly Committee on Budget and, and the*
11 *Senate Committee on Budget and Fiscal Review at least biennially.*
12 13998.7. In addition to the duties specified in Section
13 13998.5, the office shall prepare a study considering strategies for
14 the long-term protection of lands adjacent to military bases from
15 development that would be incompatible with the continuing
16 missions of those bases. The study shall include the effects of local
17 land use encroachment, environmental impact considerations, and
18 population growth issues. The study shall recommend basic
19 criteria to assist local governments in identifying lands where
20 incompatible development may adversely impact the long-term
21 missions of these bases. The study shall also identify potential
22 mechanisms, including recommendations for changes in law at the
23 local or state level, to address these issues. In conducting this
24 study, the office may use the Naval Air Station at Lemoore and
25 Edwards Air Force Base as case studies.
26 13998.8. The Business, Transportation and Housing Agency
27 with input and assistance from the office, shall establish a military
28 support grant program to grant funds to communities with military
29 bases to assist them in developing a retention strategy. The agency
30 may use grant criteria similar to those for existing defense
31 conversion grant programs as a basis for developing the new grant
32 program. To discourage multiple grant applications for individual
33 defense installations in a region, the criteria shall be drafted to
34 encourage a single application for grant funds to develop, where
35 appropriate, a single, regional defense retention strategy. The
36 structure, requirements, administration, and funding procedures
37 of the grant program shall be submitted to the Legislature for
38 review at least 90 days prior to making the first grant
39 disbursement. The agency may make no grant award without the
40 local community providing at least 50 percent or more in matching

funds or in-kind services, with at least 50 percent of that match being in the form of funding.

13998.9. The Business, Transportation and Housing Agency shall adopt regulations to implement the programs authorized in this chapter. The agency shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, the regulations shall be repealed within 180 days after their effective date, unless the agency complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code as provided in subdivision (e) of Section 11346.1 of the Government Code.

13998.10. This chapter shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 63010 of the Government Code is amended to read:

63010. For purposes of this division, the following words and terms shall have the following meanings unless the context clearly indicates or requires another or different meaning or intent:

(a) “Act” means the Bergeson-Peace Infrastructure and Economic Development Bank Act.

(b) “Bank” means the California Infrastructure and Economic Development Bank.

(c) “Board” or “bank board” means the Board of Directors of the California Infrastructure and Economic Development Bank.

(d) “Bond purchase agreement” means a contractual agreement executed between the bank and a sponsor, or a special purpose trust authorized by the bank or a sponsor, or both, whereby the bank or special purpose trust authorized by the bank agrees to purchase bonds of the sponsor for retention or sale.

(e) “Bonds” means bonds, including structured, senior, and subordinated bonds or other securities; loans; notes, including

1 bond, revenue, tax or grant anticipation notes; commercial paper;
2 floating rate and variable maturity securities; and any other
3 evidences of indebtedness or ownership, including certificates of
4 participation or beneficial interest, asset backed certificates, or
5 lease-purchase or installment purchase agreements, whether
6 taxable or excludable from gross income for federal income
7 taxation purposes.

8 (f) “Cost,” as applied to a project or portion thereof financed
9 under this division, means all or any part of the cost of
10 construction, renovation, and acquisition of all lands, structures,
11 real or personal property, rights, rights-of-way, franchises,
12 licenses, easements, and interests acquired or used for a project;
13 the cost of demolishing or removing any buildings or structures on
14 land so acquired, including the cost of acquiring any lands to which
15 the buildings or structures may be moved; the cost of all
16 machinery, equipment, and financing charges; interest prior to,
17 during, and for a period after completion of construction,
18 renovation, or acquisition, as determined by the bank; provisions
19 for working capital; reserves for principal and interest and for
20 extensions, enlargements, additions, replacements, renovations,
21 and improvements; and the cost of architectural, engineering,
22 financial and legal services, plans, specifications, estimates,
23 administrative expenses, and other expenses necessary or
24 incidental to determining the feasibility of any project or
25 incidental to the construction, acquisition, or financing of any
26 project, and transition costs in the case of an electrical corporation.

27 (g) “Economic development facilities” means real and
28 personal property, structures, buildings, equipment, and
29 supporting components thereof that are used to provide industrial,
30 recreational, research, commercial, utility, or service enterprise
31 facilities, community, educational, cultural, or social welfare
32 facilities and any parts or combinations thereof, and all facilities
33 or infrastructure necessary or desirable in connection therewith,
34 including provision for working capital, but shall not include any
35 housing.

36 (h) “Electrical corporation” has the meaning set forth in
37 Section 218 of the Public Utilities Code.

38 (i) “Executive director” means the Executive Director of the
39 California Infrastructure and Economic Development Bank
40 appointed pursuant to Section 63021.

(j) “Financial assistance” in connection with a project, includes, but is not limited to, any combination of grants, loans, the proceeds of bonds issued by the bank or special purpose trust, insurance, guarantees or other credit enhancements or liquidity facilities, and contributions of money, property, labor, or other things of value, as may be approved by resolution of the board or the sponsor, or both; the purchase or retention of bank bonds, the bonds of a sponsor for their retention or for sale by the bank, or the issuance of bank bonds or the bonds of a special purpose trust used to fund the cost of a project for which a sponsor is directly or indirectly liable, including, but not limited to, bonds, the security for which is provided in whole or in part pursuant to the powers granted by Section 63025; bonds for which the bank has provided a guarantee or enhancement, including, but not limited to, the purchase of the subordinated bonds of the sponsor, the subordinated bonds of a special purpose trust, or the retention of the subordinated bonds of the bank pursuant to Chapter 4 (commencing with Section 63060); or any other type of assistance deemed appropriate by the bank or the sponsor, except that no direct loans shall be made to nonpublic entities other than in connection with the issuance of rate reduction bonds pursuant to a financing order or in connection with a financing for an economic development facility.

For purposes of this subdivision, “grant” does not include grants made by the bank except when acting as an agent or intermediary for the distribution or packaging of financing available from federal, private, or other public sources.

(k) “Financing order” has the meaning set forth in Section 840 of the Public Utilities Code.

(l) “Guarantee trust fund” means the California Infrastructure Guarantee Trust Fund.

(m) “Infrastructure bank fund” means the California Infrastructure and Economic Development Bank Fund.

(n) “Loan agreement” means a contractual agreement executed between the bank or a special purpose trust and a sponsor that provides that the bank or special purpose trust will loan funds to the sponsor and that the sponsor will repay the principal and pay the interest and redemption premium, if any, on the loan.

(o) “Participating party” means any person, company, corporation, association, state or municipal governmental entity,

1 partnership, firm, or other entity or group of entities, whether
2 organized for profit or not for profit, engaged in business or
3 operations within the state and that applies for financing from the
4 bank in conjunction with a sponsor for the purpose of
5 implementing a project. However, in the case of a project relating
6 to the financing of transition costs or the acquisition of transition
7 property, or both, on the request of an electrical corporation, or in
8 connection with a financing for an economic development facility,
9 or for the financing of insurance claims, the participating party
10 shall be deemed to be the same entity as the sponsor for the
11 financing.

12 (p) “Project” means designing, acquiring, planning,
13 permitting, entitling, constructing, improving, extending,
14 restoring, financing, and generally developing public
15 development facilities or economic development facilities within
16 the state or financing transition costs or the acquisition of
17 transition property, or both, upon approval of a financing order by
18 the Public Utilities Commission, as provided in Article 5.5
19 (commencing with Section 840) of Chapter 4 of Part 1 of Division
20 1 of the Public Utilities Code.

21 (q) “Public development facilities” means real and personal
22 property, structures, conveyances, equipment, thoroughfares,
23 buildings, and supporting components thereof, excluding any
24 housing, that are directly related to providing the following:

25 (1) “City streets” including any street, avenue, boulevard,
26 road, parkway, drive, or other way that is any of the following:

27 (A) An existing municipal roadway.

28 (B) Is shown upon a plat approved pursuant to law and includes
29 the land between the street lines, whether improved or
30 unimproved, and may comprise pavement, bridges, shoulders,
31 gutters, curbs, guardrails, sidewalks, parking areas, benches,
32 fountains, plantings, lighting systems, and other areas within the
33 street lines, as well as equipment and facilities used in the cleaning,
34 grading, clearance, maintenance, and upkeep thereof.

35 (2) “County highways” including any county highway as
36 defined in Section 25 of the Streets and Highways Code, that
37 includes the land between the highway lines, whether improved or
38 unimproved, and may comprise pavement, bridges, shoulders,
39 gutters, curbs, guardrails, sidewalks, parking areas, benches,
40 fountains, plantings, lighting systems, and other areas within the

1 street lines, as well as equipment and facilities used in the cleaning,
2 grading, clearance, maintenance, and upkeep thereof.

3 (3) “Drainage, water supply, and flood control” including, but
4 not limited to, ditches, canals, levees, pumps, dams, conduits,
5 pipes, storm sewers, and dikes necessary to keep or direct water
6 away from people, equipment, buildings, and other protected areas
7 as may be established by lawful authority, as well as the
8 acquisition, improvement, maintenance, and management of
9 floodplain areas and all equipment used in the maintenance and
10 operation of the foregoing.

11 (4) “Educational facilities” including libraries, child care
12 facilities, including, but not limited to, day care facilities, and
13 employment training facilities.

14 (5) “Environmental mitigation measures” including required
15 construction or modification of public infrastructure and purchase
16 and installation of pollution control and noise abatement
17 equipment.

18 (6) “Parks and recreational facilities” including local parks,
19 recreational property and equipment, parkways and property.

20 (7) “Port facilities” including docks, harbors, ports of entry,
21 piers, ships, small boat harbors and marinas, and any other
22 facilities, additions, or improvements in connection therewith.

23 (8) “Power and communications” including facilities for the
24 transmission or distribution of electrical energy, natural gas, and
25 telephone and telecommunications service.

26 (9) “Public transit” including air and rail transport of goods,
27 airports, guideways, vehicles, rights-of-way, passenger stations,
28 maintenance and storage yards, and related structures, including
29 public parking facilities, equipment used to provide or enhance
30 transportation by bus, rail, ferry, or other conveyance, either
31 publicly or privately owned, that provides to the public general or
32 special service on a regular and continuing basis.

33 (10) “Sewage collection and treatment” including pipes,
34 pumps, and conduits that collect wastewater from residential,
35 manufacturing, and commercial establishments, the equipment,
36 structures, and facilities used in treating wastewater to reduce or
37 eliminate impurities or contaminants, and the facilities used in
38 disposing of, or transporting, remaining sludge, as well as all
39 equipment used in the maintenance and operation of the foregoing.

1 (11) “Solid waste collection and disposal” including vehicles,
2 vehicle-compatible waste receptacles, transfer stations, recycling
3 centers, sanitary landfills, and waste conversion facilities
4 necessary to remove solid waste, except that which is hazardous
5 as defined by law, from its point of origin.

6 (12) “Water treatment and distribution” including facilities in
7 which water is purified and otherwise treated to meet residential,
8 manufacturing, or commercial purposes and the conduits, pipes,
9 and pumps that transport it to places of use.

10 (13) “Defense conversion” including, but not limited to,
11 facilities necessary for successfully converting military bases
12 consistent with an adopted base reuse plan.

13 (14) “Public safety facilities” including, but not limited to,
14 police stations, fire stations, court buildings, jails, juvenile halls,
15 and juvenile detention facilities.

16 (15) “State highways” including any state highway as
17 described in Chapter 2 (commencing with Section 230) of
18 Division 1 of the Streets and Highways Code, and the related
19 components necessary for safe operation of the highway.

20 (16) (A) Military infrastructure, including, but not limited to,
21 facilities on or near a military installation, that enhance the
22 military operations and mission of one or more military
23 installations in this state. To be eligible for funding, the project
24 shall be endorsed by the Office of Military and Aerospace Support
25 established pursuant to Section 13998.2.

26 (B) For purposes of this subdivision, “military installation”
27 means any facility under the jurisdiction of the Department of
28 Defense, as defined in paragraph (1) of subsection (e) of Section
29 2687 of Title 10 of the United States Code.

30 (r) “Rate reduction bonds” has the meaning set forth in Section
31 840 of the Public Utilities Code.

32 (s) “Revenues” means all receipts, purchase payments, loan
33 repayments, lease payments, and all other income or receipts
34 derived by the bank or a sponsor from the sale, lease, or other
35 financing arrangement undertaken by the bank, a sponsor or a
36 participating party, including, but not limited to, all receipts from
37 a bond purchase agreement, and any income or revenue derived
38 from the investment of any money in any fund or account of the
39 bank or a sponsor and any receipts derived from transition

1 property. Revenues shall not include moneys in the General Fund
2 of the state.

3 (t) “Special purpose trust” means a trust, partnership, limited
4 partnership, association, corporation, nonprofit corporation, or
5 other entity authorized under the laws of the state to serve as an
6 instrumentality of the state to accomplish public purposes and
7 authorized by the bank to acquire, by purchase or otherwise, for
8 retention or sale, the bonds of a sponsor or of the bank made or
9 entered into pursuant to this division and to issue special purpose
10 trust bonds or other obligations secured by these bonds or other
11 sources of public or private revenues. Special purpose trust also
12 means any entity authorized by the bank to acquire transition
13 property or to issue rate reduction bonds, or both, subject to the
14 approvals by the bank and powers of the bank as are provided by
15 the bank in its resolution authorizing the entity to issue rate
16 reduction bonds.

17 (u) “Sponsor” means any subdivision of the state or local
18 government including departments, agencies, commissions,
19 cities, counties, nonprofit corporations formed on behalf of a
20 sponsor, special districts, assessment districts, and joint powers
21 authorities within the state or any combination of these
22 subdivisions that makes an application to the bank for financial
23 assistance in connection with a project in a manner prescribed by
24 the bank. This definition shall not be construed to require that an
25 applicant have an ownership interest in the project. In addition, an
26 electrical corporation shall be deemed to be the sponsor as well as
27 the participating party for any project relating to the financing of
28 transition costs and the acquisition of transition property on the
29 request of the electrical corporation and any person, company,
30 corporation, partnership, firm, or other entity or group engaged in
31 business or operation within the state that applies for financing of
32 any economic development facility, shall be deemed to be the
33 sponsor as well as the participating party for the project relating to
34 the financing of that economic development facility.

35 (v) “State” means the State of California.

36 (w) “Transition costs” has the meaning set forth in Section 840
37 of the Public Utilities Code.

38 (x) “Transition property” has the meaning set forth in Section
39 840 of the Public Utilities Code.

SEC. 3. Section 65053.5 of the Government Code is amended to read:

65053.5. (a) As used in this article, the following terms have the following meaning:

(1) “Military installation” means a base, camp, post, station, yard, center, homeport facility for any ship, or other facility under the jurisdiction of the United States Department of Defense, as defined in paragraph (1) of subsection (e) of Section 2687 of Title 10 of the United States Code.

(2) “Affected local government” means any county or city identified as located wholly or partly within the boundaries of a military installation or as having a sphere of influence over any portion of the installation with responsibility for local zoning and planning decisions.

(b) The Legislature hereby finds and declares all of the following:

(1) Because of the tremendous economic impact that military installations have on the state, it is in the best interest of the state to facilitate their retention.

(2) It is the intent of the Legislature to encourage cooperation among affected local governments in their efforts to retain military installations in this state by authorizing the creation of a joint powers authority pursuant to this section.

(3) The Legislature also encourages affected local governments to engage other community-based organizations in their retention activities.

(c) For the purposes of this article, a local retention authority shall be recognized for each active military installation in this state.

(d) A list of retention authorities or their successors, including, but not limited to, separate airport or port authorities recognized as the local retention authority for the military installations, shall be maintained by the Office of Military and Aerospace Support created pursuant to Section 13998.2. If multiple affected local governments are identified for a military installation as described in paragraph (2) of subdivision (a), those affected counties and cities may, by resolution, designate an existing joint powers authority or establish a joint powers authority for the purposes of this article pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1.

(e) The state shall recognize a local retention authority for each active military installation if resolutions acknowledging the authority as the local retention authority are adopted by all county boards of supervisors and city councils identified as described in paragraph (2) of subdivision (a) and are forwarded to the Office of Military and Aerospace Support on or before October 1, 2004. If prior to January 1, 2004, a local government was awarded grant moneys pursuant to any predecessor to Section 13998.8 for a specific military installation and qualifies as an affected local government as described in paragraph (2) of subdivision (a), the recipient local government shall be recognized by the state as the local retention authority unless resolutions acknowledging a different authority are adopted by all county boards of supervisors and city councils identified as described in paragraph (2) of subdivision (a), and are forwarded to the Office of Military and Aerospace Support.

(f) If the necessary resolutions are not adopted within the time limit specified in subdivision (e), the Office of Military and Aerospace Support shall recognize a local retention authority for each military installation.

SEC. 4. Section 65053.6 of the Government Code is amended to read:

65053.6. The local retention authority shall be recognized by all state agencies as the local retention planning authority for the military installation. The state shall encourage the federal government and other local jurisdictions to recognize similarly the authorities designated pursuant to Section 65053.5 for the purposes of retention activities.

SEC. 5. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses

1 of land. The land use element shall include a statement of the
2 standards of population density and building intensity
3 recommended for the various districts and other territory covered
4 by the plan. The land use element shall identify areas covered by
5 the plan which are subject to flooding and shall be reviewed
6 annually with respect to those areas. The land use element shall
7 also do both of the following:

8 (1) Designate in a land use category that provides for timber
9 production those parcels of real property zoned for timberland
10 production pursuant to the California Timberland Productivity
11 Act of 1982, Chapter 6.7 (commencing with Section 51100) of
12 Part 1 of Division 1 of Title 5.

13 (2) Consider the impact of new growth on military readiness
14 activities carried out on military bases, installations, and operating
15 and training areas, when proposing zoning ordinances or
16 designating land uses covered by the general plan for land, or other
17 territory adjacent to military facilities, or underlying designated
18 military aviation routes and airspace.

19 (A) In determining the impact of new growth on military
20 readiness activities, information provided by military facilities
21 shall be considered. Cities and counties shall address military
22 impacts based on information from the military and other sources.

23 (B) The following definitions govern this paragraph:

24 (i) “Military readiness activities” mean all of the following:

25 (I) Training, support, and operations that prepare the men and
26 women of the military for combat.

27 (II) Operation, maintenance, and security of any military
28 installation.

29 (III) Testing of military equipment, vehicles, weapons, and
30 sensors for proper operation or suitability for combat use.

31 (ii) “Military installation” means a base, camp, post, station,
32 yard, center, homeport facility for any ship, or other activity under
33 the jurisdiction of the United States Department of Defense as
34 defined in paragraph (1) of subsection (e) of Section 2687 of Title
35 10 of the United States Code.

36 (b) A circulation element consisting of the general location and
37 extent of existing and proposed major thoroughfares,
38 transportation routes, terminals, any military airports and ports,
39 and other local public utilities and facilities, all correlated with the
40 land use element of the plan.

1 (c) A housing element as provided in Article 10.6
2 (commencing with Section 65580).

3 (d) A conservation element for the conservation, development,
4 and utilization of natural resources including water and its
5 hydraulic force, forests, soils, rivers and other waters, harbors,
6 fisheries, wildlife, minerals, and other natural resources. The
7 conservation element shall consider the effect of development
8 within the jurisdiction, as described in the land use element, on
9 natural resources located on public lands, including military
10 installations. That portion of the conservation element including
11 waters shall be developed in coordination with any countywide
12 water agency and with all district and city agencies that have
13 developed, served, controlled or conserved water for any purpose
14 for the county or city for which the plan is prepared. Coordination
15 shall include the discussion and evaluation of any water supply and
16 demand information described in Section 65352.5, if that
17 information has been submitted by the water agency to the city or
18 county. The conservation element may also cover the following:

19 (1) The reclamation of land and waters.

20 (2) Prevention and control of the pollution of streams and other
21 waters.

22 (3) Regulation of the use of land in stream channels and other
23 areas required for the accomplishment of the conservation plan.

24 (4) Prevention, control, and correction of the erosion of soils,
25 beaches, and shores.

26 (5) Protection of watersheds.

27 (6) The location, quantity and quality of the rock, sand and
28 gravel resources.

29 (7) Flood control.

30 The conservation element shall be prepared and adopted no later
31 than December 31, 1973.

32 (e) An open-space element as provided in Article 10.5
33 (commencing with Section 65560).

34 (f) A noise element which shall identify and appraise noise
35 problems in the community. The noise element shall recognize the
36 guidelines established by the Office of Noise Control in the State
37 Department of Health Services and shall analyze and quantify, to
38 the extent practicable, as determined by the legislative body,
39 current and projected noise levels for all of the following sources:

40 (1) Highways and freeways.

1 (2) Primary arterials and major local streets.

2 (3) Passenger and freight on-line railroad operations and
3 ground rapid transit systems.

4 (4) Commercial, general aviation, heliport, helistop, and
5 military airport operations, aircraft overflights, jet engine test
6 stands, and all other ground facilities and maintenance functions
7 related to airport operation.

8 (5) Local industrial plants, including, but not limited to,
9 railroad classification yards.

10 (6) Other ground stationary noise sources, including, but not
11 limited to, military installations, identified by local agencies as
12 contributing to the community noise environment.

13 Noise contours shall be shown for all of these sources and stated
14 in terms of community noise equivalent level (CNEL) or day-night
15 average level (L_{dn}). The noise contours shall be prepared on the
16 basis of noise monitoring or following generally accepted noise
17 modeling techniques for the various sources identified in
18 paragraphs (1) to (6), inclusive.

19 The noise contours shall be used as a guide for establishing a
20 pattern of land uses in the land use element that minimizes the
21 exposure of community residents to excessive noise.

22 The noise element shall include implementation measures and
23 possible solutions that address existing and foreseeable noise
24 problems, if any. The adopted noise element shall serve as a
25 guideline for compliance with the state's noise insulation
26 standards.

27 (g) A safety element for the protection of the community from
28 any unreasonable risks associated with the effects of seismically
29 induced surface rupture, ground shaking, ground failure, tsunami,
30 seiche, and dam failure; slope instability leading to mudslides and
31 landslides; subsidence, liquefaction and other seismic hazards
32 identified pursuant to Chapter 7.8 (commencing with Section
33 2690) of the Public Resources Code, and other geologic hazards
34 known to the legislative body; flooding; and wild land and urban
35 fires. The safety element shall include mapping of known seismic
36 and other geologic hazards. It shall also address evacuation routes,
37 military installations, peakload water supply requirements, and
38 minimum road widths and clearances around structures, as those
39 items relate to identified fire and geologic hazards. Prior to the
40 periodic review of its general plan and prior to preparing or

1 revising its safety element, each city and county shall consult the
2 Division of Mines and Geology of the Department of Conservation
3 and the Office of Emergency Services for the purpose of including
4 information known by and available to the department and the
5 office required by this subdivision.

6 To the extent that a county's safety element is sufficiently
7 detailed and contains appropriate policies and programs for
8 adoption by a city, a city may adopt that portion of the county's
9 safety element that pertains to the city's planning area in
10 satisfaction of the requirement imposed by this subdivision.

11 At least 45 days prior to adoption or amendment of the safety
12 element, each county and city shall submit to the Division of Mines
13 and Geology of the Department of Conservation one copy of a
14 draft of the safety element or amendment and any technical studies
15 used for developing the safety element. The division may review
16 drafts submitted to it to determine whether they incorporate known
17 seismic and other geologic hazard information, and report its
18 findings to the planning agency within 30 days of receipt of the
19 draft of the safety element or amendment pursuant to this
20 subdivision. The legislative body shall consider the division's
21 findings prior to final adoption of the safety element or
22 amendment unless the division's findings are not available within
23 the above prescribed time limits or unless the division has
24 indicated to the city or county that the division will not review the
25 safety element. If the division's findings are not available within
26 those prescribed time limits, the legislative body may take the
27 division's findings into consideration at the time it considers future
28 amendments to the safety element. Each county and city shall
29 provide the division with a copy of its adopted safety element or
30 amendments. The division may review adopted safety elements or
31 amendments and report its findings. All findings made by the
32 division shall be advisory to the planning agency and legislative
33 body.

34 *SEC. 5.1. Section 65302 of the Government Code is amended*
35 *to read:*

36 65302. The general plan shall consist of a statement of
37 development policies and shall include a diagram or diagrams and
38 text setting forth objectives, principles, standards, and plan
39 proposals. The plan shall include the following elements:

1 (a) A land use element that designates the proposed general
2 distribution and general location and extent of the uses of the land
3 for housing, business, industry, open space, ~~including~~ agriculture,
4 natural resources, recreation, and enjoyment of scenic beauty,
5 education, public buildings and grounds, solid and liquid waste
6 disposal facilities, and other categories of public and private uses
7 of land. The land use element shall include a statement of the
8 standards of population density and building intensity
9 recommended for the various districts and other territory covered
10 by the plan. The land use element shall identify areas covered by
11 the plan ~~which~~ *that* are subject to flooding and shall be reviewed
12 annually with respect to those areas. The land use element shall
13 also do both of the following:

14 (1) Designate in a land use category that provides for timber
15 production those parcels of real property zoned for timberland
16 production pursuant to the California Timberland Productivity
17 Act of 1982, Chapter 6.7 (commencing with Section 51100) of
18 Part 1 of Division 1 of Title 5.

19 (2) Consider the impact of new growth on military readiness
20 activities carried out on military bases, installations, and operating
21 and training areas, when proposing zoning ordinances or
22 designating land uses covered by the general plan for land, or other
23 territory adjacent to military facilities, or underlying designated
24 military aviation routes and airspace.

25 (A) In determining the impact of new growth on military
26 readiness activities, information provided by military facilities
27 shall be considered. Cities and counties shall address military
28 impacts based on information ~~that from the military provides and~~
29 *other sources*.

30 (B) The following definitions govern this paragraph:

31 (i) “Military readiness activities” mean all of the following:

32 (I) Training, support, and operations that prepare the men and
33 women of the military for combat.

34 (II) Operation, maintenance, and security of any military
35 installation.

36 (III) Testing of military equipment, vehicles, weapons, and
37 sensors for proper operation or suitability for combat use.

38 (ii) “Military installation” means a base, camp, post, station,
39 yard, center, homeport facility for any ship, or other activity under
40 the jurisdiction of the United States Department of Defense as

1 defined in paragraph (1) of subsection (e) of Section 2687 of Title
2 10 of the United States Code.

3 (b) A circulation element consisting of the general location and
4 extent of existing and proposed major thoroughfares,
5 transportation routes, terminals, any military airports and ports,
6 and other local public utilities and facilities, all correlated with the
7 land use element of the plan.

8 (c) A housing element as provided in Article 10.6
9 (commencing with Section 65580).

10 (d) A conservation element for the conservation, development,
11 and utilization of natural resources including water and its
12 hydraulic force, forests, soils, rivers and other waters, harbors,
13 fisheries, wildlife, minerals, and other natural resources. The
14 conservation element shall consider the effect of development
15 within the jurisdiction, as described in the land use element, on
16 natural resources located on public lands, including military
17 installations. That portion of the conservation element including
18 waters shall be developed in coordination with any countywide
19 water agency and with all district and city agencies that have
20 developed, served, controlled or conserved water for any purpose
21 for the county or city for which the plan is prepared. Coordination
22 shall include the discussion and evaluation of any water supply and
23 demand information described in Section 65352.5, if that
24 information has been submitted by the water agency to the city or
25 county. The conservation element may also cover the following:

26 (1) The reclamation of land and waters.

27 (2) Prevention and control of the pollution of streams and other
28 waters.

29 (3) Regulation of the use of land in stream channels and other
30 areas required for the accomplishment of the conservation plan.

31 (4) Prevention, control, and correction of the erosion of soils,
32 beaches, and shores.

33 (5) Protection of watersheds.

34 (6) The location, quantity and quality of the rock, sand and
35 gravel resources.

36 (7) Flood control.

37 (8) *Conservation of agricultural lands.*

38 The conservation element shall be prepared and adopted no later
39 than December 31, 1973.

1 (e) An *agricultural and* open-space element as provided in
2 Article 10.5 (commencing with Section 65560).

3 (f) A noise element which shall identify and appraise noise
4 problems in the community. The noise element shall recognize the
5 guidelines established by the Office of Noise Control in the State
6 Department of Health Services and shall analyze and quantify, to
7 the extent practicable, as determined by the legislative body,
8 current and projected noise levels for all of the following sources:

9 (1) Highways and freeways.

10 (2) Primary arterials and major local streets.

11 (3) Passenger and freight on-line railroad operations and
12 ground rapid transit systems.

13 (4) Commercial, general aviation, heliport, helistop, and
14 military airport operations, aircraft overflights, jet engine test
15 stands, and all other ground facilities and maintenance functions
16 related to airport operation.

17 (5) Local industrial plants, including, but not limited to,
18 railroad classification yards.

19 (6) Other ground stationary noise sources, including, but not
20 limited to, military installations, identified by local agencies as
21 contributing to the community noise environment.

22 Noise contours shall be shown for all of these sources and stated
23 in terms of community noise equivalent level (CNEL) or day-night
24 average level (L_{dn}). The noise contours shall be prepared on the
25 basis of noise monitoring or following generally accepted noise
26 modeling techniques for the various sources identified in
27 paragraphs (1) to (6), inclusive.

28 The noise contours shall be used as a guide for establishing a
29 pattern of land uses in the land use element that minimizes the
30 exposure of community residents to excessive noise.

31 The noise element shall include implementation measures and
32 possible solutions that address existing and foreseeable noise
33 problems, if any. The adopted noise element shall serve as a
34 guideline for compliance with the state's noise insulation
35 standards.

36 (g) A safety element for the protection of the community from
37 any unreasonable risks associated with the effects of seismically
38 induced surface rupture, ground shaking, ground failure, tsunami,
39 seiche, and dam failure; slope instability leading to mudslides and
40 landslides; subsidence, liquefaction and other seismic hazards

1 identified pursuant to Chapter 7.8 (commencing with Section
2 2690) of the Public Resources Code, and other geologic hazards
3 known to the legislative body; flooding; and wild land and urban
4 fires. The safety element shall include mapping of known seismic
5 and other geologic hazards. It shall also address evacuation routes,
6 military installations, peakload water supply requirements, and
7 minimum road widths and clearances around structures, as those
8 items relate to identified fire and geologic hazards. Prior to the
9 periodic review of its general plan and prior to preparing or
10 revising its safety element, each city and county shall consult the
11 Division of Mines and Geology of the Department of Conservation
12 and the Office of Emergency Services for the purpose of including
13 information known by and available to the department and the
14 office required by this subdivision.

15 To the extent that a county's safety element is sufficiently
16 detailed and contains appropriate policies and programs for
17 adoption by a city, a city may adopt that portion of the county's
18 safety element that pertains to the city's planning area in
19 satisfaction of the requirement imposed by this subdivision.

20 At least 45 days prior to adoption or amendment of the safety
21 element, each county and city shall submit to the Division of Mines
22 and Geology of the Department of Conservation one copy of a
23 draft of the safety element or amendment and any technical studies
24 used for developing the safety element. The division may review
25 drafts submitted to it to determine whether they incorporate known
26 seismic and other geologic hazard information, and report its
27 findings to the planning agency within 30 days of receipt of the
28 draft of the safety element or amendment pursuant to this
29 subdivision. The legislative body shall consider the division's
30 findings prior to final adoption of the safety element or
31 amendment unless the division's findings are not available within
32 the above prescribed time limits or unless the division has
33 indicated to the city or county that the division will not review the
34 safety element. If the division's findings are not available within
35 those prescribed time limits, the legislative body may take the
36 division's findings into consideration at the time it considers future
37 amendments to the safety element. Each county and city shall
38 provide the division with a copy of its adopted safety element or
39 amendments. The division may review adopted safety elements or
40 amendments and report its findings. All findings made by the

1 division shall be advisory to the planning agency and legislative
2 body.

3 *SEC. 5.3. Section 65302 of the Government Code is amended*
4 *to read:*

5 65302. The general plan shall consist of a statement of
6 development policies and shall include a diagram or diagrams and
7 text setting forth objectives, principles, standards, and plan
8 proposals. The plan shall include the following elements:

9 (a) A land use element that designates the proposed general
10 distribution and general location and extent of the uses of the land
11 for housing, business, industry, open space, including agriculture,
12 natural resources, recreation, and enjoyment of scenic beauty,
13 education, public buildings and grounds, solid and liquid waste
14 disposal facilities, and other categories of public and private uses
15 of land. The land use element shall include a statement of the
16 standards of population density and building intensity
17 recommended for the various districts and other territory covered
18 by the plan. The land use element shall identify areas covered by
19 the plan which are subject to flooding and shall be reviewed
20 annually with respect to those areas. The land use element shall
21 also do both of the following:

22 (1) Designate in a land use category that provides for timber
23 production those parcels of real property zoned for timberland
24 production pursuant to the California Timberland Productivity
25 Act of 1982, Chapter 6.7 (commencing with Section 51100) of
26 Part 1 of Division 1 of Title 5.

27 (2) Consider the impact of new growth on military readiness
28 activities carried out on military bases, installations, and operating
29 and training areas, when proposing zoning ordinances or
30 designating land uses covered by the general plan for land, or other
31 territory adjacent to military facilities, or underlying designated
32 military aviation routes and airspace.

33 (A) In determining the impact of new growth on military
34 readiness activities, information provided by military facilities
35 shall be considered. Cities and counties shall address military
36 impacts based on information ~~that from the military provides~~ and
37 *other sources.*

38 (B) The following definitions govern this paragraph:

39 (i) “Military readiness activities” mean all of the following:

1 (I) Training, support, and operations that prepare the men and
2 women of the military for combat.

3 (II) Operation, maintenance, and security of any military
4 installation.

5 (III) Testing of military equipment, vehicles, weapons, and
6 sensors for proper operation or suitability for combat use.

7 (ii) “Military installation” means a base, camp, post, station,
8 yard, center, homeport facility for any ship, or other activity under
9 the jurisdiction of the United States Department of Defense as
10 defined in paragraph (1) of subsection (e) of Section 2687 of Title
11 10 of the United States Code.

12 (b) A circulation element consisting of the general location and
13 extent of existing and proposed major thoroughfares,
14 transportation routes, terminals, any military airports and ports,
15 and other local public utilities and facilities, all correlated with the
16 land use element of the plan.

17 (c) A housing element as provided in Article 10.6
18 (commencing with Section 65580).

19 (d) A conservation element for the conservation, development,
20 and utilization of natural resources including water and its
21 hydraulic force, forests, soils, rivers and other waters, harbors,
22 fisheries, wildlife, minerals, and other natural resources. The
23 conservation element shall consider the effect of development
24 within the jurisdiction, as described in the land use element, on
25 natural resources located on public lands, including military
26 installations. That portion of the conservation element including
27 waters shall be developed in coordination with any countywide
28 water agency and with all district and city agencies that have
29 developed, served, controlled or conserved water for any purpose
30 for the county or city for which the plan is prepared. Coordination
31 shall include the discussion and evaluation of any water supply and
32 demand information described in Section 65352.5, if that
33 information has been submitted by the water agency to the city or
34 county. The conservation element may also cover the following:

35 (1) The reclamation of land and waters.

36 (2) Prevention and control of the pollution of streams and other
37 waters.

38 (3) Regulation of the use of land in stream channels and other
39 areas required for the accomplishment of the conservation plan.

1 (4) Prevention, control, and correction of the erosion of soils,
2 beaches, and shores.

3 (5) Protection of watersheds.

4 (6) The location, quantity and quality of the rock, sand and
5 gravel resources.

6 (7) Flood control.

7 The conservation element shall be prepared and adopted no later
8 than December 31, 1973.

9 (e) An open-space element as provided in Article 10.5
10 (commencing with Section 65560).

11 (f) A noise element which shall identify and appraise noise
12 problems in the community. The noise element shall recognize the
13 guidelines established by the Office of Noise Control in the State
14 Department of Health Services and shall analyze and quantify, to
15 the extent practicable, as determined by the legislative body,
16 current and projected noise levels for all of the following sources:

17 (1) Highways and freeways.

18 (2) Primary arterials and major local streets.

19 (3) Passenger and freight on-line railroad operations and
20 ground rapid transit systems.

21 (4) Commercial, general aviation, heliport, helistop, and
22 military airport operations, aircraft overflights, jet engine test
23 stands, and all other ground facilities and maintenance functions
24 related to airport operation.

25 (5) Local industrial plants, including, but not limited to,
26 railroad classification yards.

27 (6) Other ground stationary noise sources, including, but not
28 limited to, military installations, identified by local agencies as
29 contributing to the community noise environment.

30 Noise contours shall be shown for all of these sources and stated
31 in terms of community noise equivalent level (CNEL) or day-night
32 average level (L_{dn}). The noise contours shall be prepared on the
33 basis of noise monitoring or following generally accepted noise
34 modeling techniques for the various sources identified in
35 paragraphs (1) to (6), inclusive.

36 The noise contours shall be used as a guide for establishing a
37 pattern of land uses in the land use element that minimizes the
38 exposure of community residents to excessive noise.

39 The noise element shall include implementation measures and
40 possible solutions that address existing and foreseeable noise

problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence, liquefaction and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards. ~~Prior~~

(1) ~~Prior~~ to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the Division of Mines and Geology of the Department of Conservation and the Office of Emergency Services for the purpose of including information known by and available to the department and the office required by this subdivision.

~~To~~
(2) To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

~~At least 45 days prior to adoption or amendment of the safety element, each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of a draft of the safety element or amendment and any technical studies used for developing the safety element. The division may review drafts submitted to it to determine whether they incorporate known seismic and other geologic hazard information, and report its findings to the planning agency within 30 days of receipt of the draft of the safety element or amendment pursuant to this subdivision. The legislative body shall consider the division's findings prior to final adoption of the safety element or amendment unless the division's findings are not available within~~

~~the above prescribed time limits or unless the division has indicated to the city or county that the division will not review the safety element. If the division's findings are not available within those prescribed time limits, the legislative body may take the division's findings into consideration at the time it considers future amendments to the safety element. Each county and city shall provide the division with a copy of its adopted safety element or amendments. The division may review adopted safety elements or amendments and report its findings. All findings made by the division shall be advisory to the planning agency and legislative body.~~

SEC. 5.5. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, ~~including~~ agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify areas covered by the plan ~~which~~ *that* are subject to flooding and shall be reviewed annually with respect to those areas. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982, Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5.

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other

territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information ~~that~~ *from the military provides and other sources.*

(B) The following definitions govern this paragraph:

(i) “Military readiness activities” mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) “Military installation” means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (e) of Section 2687 of Title 10 of the United States Code.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies that have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and

1 demand information described in Section 65352.5, if that
2 information has been submitted by the water agency to the city or
3 county. The conservation element may also cover the following:

4 (1) The reclamation of land and waters.

5 (2) Prevention and control of the pollution of streams and other
6 waters.

7 (3) Regulation of the use of land in stream channels and other
8 areas required for the accomplishment of the conservation plan.

9 (4) Prevention, control, and correction of the erosion of soils,
10 beaches, and shores.

11 (5) Protection of watersheds.

12 (6) The location, quantity and quality of the rock, sand and
13 gravel resources.

14 (7) Flood control.

15 (8) *Conservation of agricultural lands.*

16 The conservation element shall be prepared and adopted no later
17 than December 31, 1973.

18 (e) An *agricultural and open-space* element as provided in
19 Article 10.5 (commencing with Section 65560).

20 (f) A noise element which shall identify and appraise noise
21 problems in the community. The noise element shall recognize the
22 guidelines established by the Office of Noise Control in the State
23 Department of Health Services and shall analyze and quantify, to
24 the extent practicable, as determined by the legislative body,
25 current and projected noise levels for all of the following sources:

26 (1) Highways and freeways.

27 (2) Primary arterials and major local streets.

28 (3) Passenger and freight on-line railroad operations and
29 ground rapid transit systems.

30 (4) Commercial, general aviation, heliport, helistop, and
31 military airport operations, aircraft overflights, jet engine test
32 stands, and all other ground facilities and maintenance functions
33 related to airport operation.

34 (5) Local industrial plants, including, but not limited to,
35 railroad classification yards.

36 (6) Other ground stationary noise sources, including, but not
37 limited to, military installations, identified by local agencies as
38 contributing to the community noise environment.

39 Noise contours shall be shown for all of these sources and stated
40 in terms of community noise equivalent level (CNEL) or day-night

average level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence, liquefaction and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards. ~~Prior~~

(1) ~~Prior~~ to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the Division of Mines and Geology of the Department of Conservation and the Office of Emergency Services for the purpose of including information known by and available to the department and the office required by this subdivision.

~~To~~

(2) ~~To~~ the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

~~At least 45 days prior to adoption or amendment of the safety element, each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of a~~

1 ~~draft of the safety element or amendment and any technical studies~~
2 ~~used for developing the safety element. The division may review~~
3 ~~drafts submitted to it to determine whether they incorporate known~~
4 ~~seismic and other geologic hazard information, and report its~~
5 ~~findings to the planning agency within 30 days of receipt of the~~
6 ~~draft of the safety element or amendment pursuant to this~~
7 ~~subdivision. The legislative body shall consider the division's~~
8 ~~findings prior to final adoption of the safety element or~~
9 ~~amendment unless the division's findings are not available within~~
10 ~~the above prescribed time limits or unless the division has~~
11 ~~indicated to the city or county that the division will not review the~~
12 ~~safety element. If the division's findings are not available within~~
13 ~~those prescribed time limits, the legislative body may take the~~
14 ~~division's findings into consideration at the time it considers future~~
15 ~~amendments to the safety element. Each county and city shall~~
16 ~~provide the division with a copy of its adopted safety element or~~
17 ~~amendments. The division may review adopted safety elements or~~
18 ~~amendments and report its findings. All findings made by the~~
19 ~~division shall be advisory to the planning agency and legislative~~
20 ~~body.~~

21 SEC. 6. Section 65560 of the Government Code is amended
22 to read:

23 65560. (a) "Local open-space plan" is the open-space
24 element of a county or city general plan adopted by the board or
25 council, either as the local open-space plan or as the interim local
26 open-space plan adopted pursuant to Section 65563.

27 (b) "Open-space land" is any parcel or area of land or water
28 that is essentially unimproved and devoted to an open-space use
29 as defined in this section, and that is designated on a local, regional
30 or state open-space plan as any of the following:

31 (1) Open space for the preservation of natural resources
32 including, but not limited to, areas required for the preservation of
33 plant and animal life, including habitat for fish and wildlife
34 species; areas required for ecologic and other scientific study
35 purposes; rivers, streams, bays and estuaries; and coastal beaches,
36 lakeshores, banks of rivers and streams, and watershed lands.

37 (2) Open space used for the managed production of resources,
38 including but not limited to, forest lands, rangeland, agricultural
39 lands and areas of economic importance for the production of food
40 or fiber; areas required for recharge of ground water basins; bays,

estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

(3) Open space for outdoor recreation, including but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

(4) Open space for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs and areas required for the protection and enhancement of air quality.

(5) Open space in support of the mission of military installations that comprises areas adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands.

SEC. 6.1. Section 65560 of the Government Code is amended to read:

65560. (a) ~~“Local open-space plan” is the~~ *The agricultural and open-space element is the component* of a county or city general plan adopted by the ~~board or council, either as the local open-space plan or as the interim local open-space plan adopted~~ *legislative body pursuant to Section 65563.*

(b) ~~“Open-space”~~ *“Agricultural and open-space land”* is any parcel or area of land or water that is essentially unimproved and devoted to ~~an open-space use~~ *one or more land uses* as defined in this section, and that is designated on a local, regional or state open-space plan as any of the following:

(1) ~~Open-space~~ *Land used* for the preservation of natural resources including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for ecologic and other scientific study purposes; rivers, streams, bays and estuaries; ~~areas adjacent to military installations, military training routes, and restricted~~

~~airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands;~~ and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

~~(2) Open space~~ Land used for the production of food or fiber, including, but not limited to, prime farmland, farmland of statewide importance, unique farmland, farmland of local importance, and grazing land, excluding land committed to nonagricultural uses.

(3) Land used for the managed production of resources, including but not limited to, forest lands, ~~rangeland, agricultural lands and areas of economic importance for the production of food or fiber;~~ areas required for recharge of ~~ground water~~ groundwater basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

~~(3) Open space~~

(4) Land for outdoor recreation, including, but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

~~(4) Open space~~

(5) Land for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs and areas required for the protection and enhancement of air quality.

(6) Land for the protection of places, features, and objects described in Sections 5097.9 and 5097.995 of the Public Resources Code.

(7) Land in support of the mission of military installations that comprises areas adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands.

SEC. 6.3. *Section 65560 of the Government Code is amended to read:*

65560. (a) “Local open-space plan” is the open-space element of a county or city general plan adopted by the board or council, either as the local open-space plan or as the interim local open-space plan adopted pursuant to Section 65563.

(b) “Open-space land” is any parcel or area of land or water that is essentially unimproved and devoted to an open-space use as defined in this section, and that is designated on a local, regional or state open-space plan as any of the following:

(1) Open space for the preservation of natural resources including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for ecologic and other scientific study purposes; rivers, streams, bays and estuaries; ~~areas adjacent to military installations, military training routes, and restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands;~~ and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

(2) Open space used for the managed production of resources, including but not limited to, forest lands, rangeland, agricultural lands and areas of economic importance for the production of food or fiber; areas required for recharge of ground water basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

(3) Open space for outdoor recreation, including but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

(4) Open space for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water

1 quality and water reservoirs and areas required for the protection
2 and enhancement of air quality.

3 (5) *Open space in support of the mission of military*
4 *installations that comprises areas adjacent to military*
5 *installations, military training routes, and underlying restricted*
6 *airspace that can provide additional buffer zones to military*
7 *activities and complement the resource values of the military*
8 *lands.*

9 (6) *Open space for the protection of places, features, and*
10 *objects described in Sections 5097.9 and 5097.995 of the Public*
11 *Resources Code.*

12 SEC. 6.5. Section 65560 of the Government Code is amended
13 to read:

14 65560. (a) ~~“Local open-space plan” is the~~ *The agricultural*
15 *and open-space element is the component of a county or city*
16 *general plan adopted by the board or council, either as the local*
17 *open-space plan or as the interim local open-space plan adopted*
18 *legislative body pursuant to Section 65563.*

19 (b) ~~“Open-space Agricultural and open-space land” is any~~
20 *parcel or area of land or water that is essentially unimproved and*
21 *devoted to an open-space use one or more land uses as defined in*
22 *this section, and that is designated on a local, regional or state*
23 *open-space plan as any of the following:*

24 (1) ~~Open-space Land used for the preservation of natural~~
25 *resources including, but not limited to, areas required for the*
26 *preservation of plant and animal life, including habitat for fish and*
27 *wildlife species; areas required for ecologic and other scientific*
28 *study purposes; rivers, streams, bays and estuaries; areas adjacent*
29 *to military installations, military training routes, and restricted*
30 *airspace that can provide additional buffer zones to military*
31 *activities and complement the resource values of the military*
32 *lands; and coastal beaches, lakeshores, banks of rivers and*
33 *streams, and watershed lands.*

34 (2) ~~Open-space Land used for the production of food or fiber,~~
35 *including, but not limited to, prime farmland, farmland of*
36 *statewide importance, unique farmland, farmland of local*
37 *importance, and grazing land, excluding land committed to*
38 *nonagricultural uses.*

39 (3) *Land used for the managed production of resources,*
40 *including but not limited to, forest lands, rangeland, agricultural*

lands and areas of economic importance for the production of food or fiber; areas required for recharge of ground water basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

~~(3) Open space~~

(4) Land for outdoor recreation, including but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

~~(4) Open space~~

(5) Land for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs and areas required for the protection and enhancement of air quality.

(6) Land for the protection of places, features, and objects described in Sections 5097.9 and 5097.995 of the Public Resources Code.

(7) Land in support of the mission of military installations that comprises areas adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands.

SEC. 7. Part 14 (commencing with Section 37980) of Division 24 of the Health and Safety Code is repealed.

SEC. 8. Section 8 of Chapter 971 of the Statutes of 2002 is amended to read:

Sec. 8. A city or county shall not be required to comply with the amendments made by this act to Sections 65302, 65302.3, 65560, and 65583 of the Government Code, relating to military readiness activities, military personnel, military airports, and military installations, until the city or county undertakes its next general plan revision.

~~SEC. 9. Paragraph 4.5 of Item 2240-001-0001 of Section 2.00 of the Budget Act of 2003 (Chapter 157 of the Statutes of 2003) is hereby revised so that the sum of one hundred eighty thousand dollars (\$180,000) designated for military base reuse and retention is not appropriated to the Department of Housing and Community Development, but this amount is instead appropriated from the General Fund to the Business, Transportation and Housing Agency for the implementation of the Office of Military and Aerospace Support operations.~~

SEC. 9. This act shall become operative only if Assembly Bill 2565 of the 2003–04 Regular Session is enacted and becomes effective on or before January 1, 2005.

SEC. 10. (a) Section 5.1 of this bill incorporates amendments to Section 65302 of the Government Code proposed by both this bill and AB 2055. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, but this bill becomes operative first, (2) each bill amends Section 65302 of the Government Code, and (3) this bill is enacted after AB 2055, in which case Section 65302 of the Government Code, as amended by Section 5 of this bill, shall remain operative only until the operative date of AB 2055, at which time Section 5.1 of this bill shall become operative.

(b) Section 5.3 of this bill incorporates amendments to Section 65302 of the Government Code proposed by both this bill and AB 3065. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, but this bill becomes operative first, (2) each bill amends Section 65302 of the Government Code, and (3) this bill is enacted after AB 3065, in which case Section 65302 of the Government Code, as amended by Section 5 of this bill, shall remain operative only until the operative date of AB 3065, at which time Section 5.3 of this bill shall become operative.

(c) Section 5.5 of this bill incorporates amendments to Section 65302 of the Government Code proposed by this bill, AB 2055, and AB 3065. It shall only become operative if (1) all those bills are enacted and become effective on or before January 1, 2005, but this bill becomes operative first, (2) each bill amends Section 65302 of the Government Code, and (3) this bill is enacted after AB 2055 and AB 3065, in which case Section 65302 of the government Code, as amended by Section 5 of this bill, shall

1 *remain operative only until the operative date of AB 2055 and AB*
2 *3065, at which time Section 5.5 of this bill shall become operative.*

3 *SEC. 11. (a) Section 6.1 of this bill incorporates amendments*
4 *to Section 65560 of the Government Code proposed by both this*
5 *bill and AB 2055. It shall only become operative if (1) both bills*
6 *are enacted and become effective on or before January 1, 2005, but*
7 *this bill becomes operative first, (2) each bill amends Section*
8 *65560 of the Government Code, and (3) this bill is enacted after AB*
9 *2055, in which case Section 65560 of the Government Code, as*
10 *amended by Section 6 of this bill, shall remain operative only until*
11 *the operative date of AB 2055, at which time Section 6.1 of this bill*
12 *shall become operative.*

13 *(b) Section 6.3 of this bill incorporates amendments to Section*
14 *65560 of the Government Code proposed by both this bill and SB*
15 *18. It shall only become operative if (1) both bills are enacted and*
16 *become effective on or before January 1, 2005, but this bill*
17 *becomes operative first, (2) each bill amends Section 65560 of the*
18 *Government Code, and (3) this bill is enacted after SB 18, in which*
19 *case Section 65560 of the Government Code, as amended by*
20 *Section 6 of this bill, shall remain operative only until the operative*
21 *date of SB 18, at which time Section 6.3 of this bill shall become*
22 *operative.*

23 *(c) Section 6.5 of this bill incorporates amendments to Section*
24 *65560 of the Government Code proposed by this bill, AB 2055, and*
25 *SB 18. It shall only become operative if (1) all those bills are*
26 *enacted and become effective on or before January 1, 2005, but*
27 *this bill becomes operative first, (2) each bill amends Section*
28 *65560 of the Government Code, and (3) this bill is enacted after*
29 *AB 2055 and SB 18, in which case Section 65560 of the*
30 *Government Code, as amended by Section 6 of this bill, shall*
31 *remain operative only until the operative date of AB 2055 and SB*
32 *18, at which time Section 6.5 of this bill shall become operative.*

33 *SEC. 12. This act is an urgency statute necessary for the*
